

LANDLORD AND TENANT

All aspects of commercial, agricultural and residential landlord and tenant are dealt with in chambers, including:

- The lease / license distinction
- Covenants on assignment
- Enforcement of covenants against assignment
- Business lease renewals
- Termination (including forfeiture and relief, exercise of break clauses etc)
- Commercial dilapidations
- Housing disrepair, unlawful eviction and possession
- Agricultural holdings and farm business tenancies

Barristers specialising in Commercial and Chancery Law

Junior members of chambers are available for residential cases such as disrepair, while more senior members are regularly instructed in commercial cases. Our experience extends from housing association possession, through succession to agricultural holdings, to strict compliance with the terms of business tenancy break options. We act not only for landlords and tenants but also for lenders, for example when they seek relief from forfeiture to protect their security.
